

Enrolled Member Practice Diary

Enrolled members (FITs/FPs/TFTs) are required to maintain a Practice Diary during the articling period to demonstrate their exposure to the areas of practice outlined in Appendix II of the *Articling Policy* and to document a chronological record of their progress towards registration. Refer to Appendix IV of the *Articling Policy* for complete details on how to maintain a Practice Diary.

Do not send this diary to the ABCFP, but keep it on file so that, if requested, it can be provided to ABCFP.
